GALBREATH HOISTS LAST LONGER...

Superior engineering and manufacturing skill result in hoists that are built better, last longer, and outperform anything else on the market. That's why Galbreath is the recognized leader in quality and endurance.

CLASSIC GALBREATH HOISTS

Since 1971 the Galbreath Classic Hoist has been going strong. Waste industry reports show Galbreath as the most used cable hoist in the market place. The Classic offers a traditional 8" mainframe subframe style hoist with lifting capabilities ranging from 20,000 lb. to 75,000 lb. capacities in single, tandem, and multiple axle units.

Model U5-OR-174
Shown

HEAVY DUTY, FOUR-INCH DIAMETER, HIGH STRENGTH OUTSIDE ROLLERS WITH DURABLE BRONZE BEARINGS ARE DESIGNED TO GIVE INCREDIBLE LONG SERVICE LIFE. EVERY WORKING POINT IS GREASEABLE.
*CLASSIC DESIGN

RUGGED REAR HINGE IS AN INTEGRAL PART OF THE HOIST AND IS DESIGNED TO TAKE THE PUNISHMENT AND STRESS OF THE MOST DEMANDING LOADS.
*CLASSIC DESIGN

PLUG & PLAY

WIDE VARIETY OF MODELS AVAILABLE

"OR" (OUTSIDE RAIL)

"EX" (EXTENDABLE TAIL)

"SI"
(INSIDE/OUTSIDE/DEADLIFT)

"IO" (INSIDE/OUTSIDE)

"HH" (DEADLIFT)

CABLE HOISTS

A REVOLUTION IN ROLL-OFF HOISTS: THE GALBREATH REVOLUTION

AVAILABLE UP TO 75,000 LB. CAPACITY

- 10" mainframe / no subframe
- Interchangeable 7" lift and winch cylinders
- Interchangeable cable sheaves with grease grooves and 2-1/2" shaft
- 2-1/2" floating full length rear hinge pin and bushing
- Mid-body turn signal
- LED lighting
- Fast and efficient cycle times

GALBREATH HOISTS FEATURE THE POWER TOWER™, AN ERGONOMICALLY-POSITIONED INSIDE AIR CONTROL TOWER FOR EASIER OPERATION. THE POWER TOWER CAN POWER ALL OF THE DESIRED FUNCTIONS SPECIFIC TO YOUR HOIST, AND INTERFACES WITH THE PLUG AND PLAY, THEREFORE, AVOIDING PROBLEMS WITH DASHBOARD MULTIPLEXING.

*AVAILABLE ON BOTH CLASSIC AND REVOLUTION HOISTS

QUESTION: WHAT DOES CLEANER AND IMPROVED QUALITY OF OIL, A CLEANER BUILD ENVIRONMENT, AND A 99.5% EFFICIENT HYDRAULIC AND OIL FILTER ELEMENT ADD UP TO? ANSWER: THE GALBREATH KLENZOIL ANTI-CONTAMINATION SYSTEM. IT'S STANDARD ON GALBREATH HOISTS AND ALLOWS GALBREATH TO OFFER YOU A TWO YEAR WARRANTY, AS WELL AS OPPORTUNITY FOR EXTENDED WARRANTIES.

*AVAILABLE ON BOTH CLASSIC AND REVOLUTION HOISTS

THE PLUG AND PLAY IS A STANDARD FEATURE ON ALL GALBREATH HOISTS. THIS SYSTEM ELIMINATES CROSSED WIRES, LOOSE CONNECTIONS, CORROSION, SPLICES AND WASTED INSTALLATION TIME.

*AVAILABLE ON BOTH CLASSIC AND REVOLUTION HOISTS

HOIST FRAME HUCK BOLTED TO CHASSIS ON ALL FACTORY MOUNTED HOISTS
*AVAILABLE ON BOTH CLASSIC AND REVOLUTION HOISTS

HEAVY-DUTY QUICK CHANGE REAR ROLLER ASSEMBLY
*REVOLUTION DESIGN

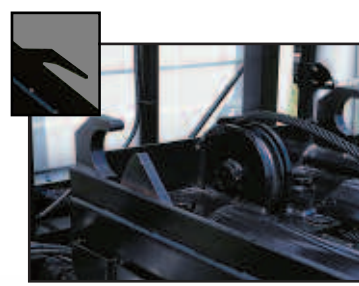

AUTOMATIC FOLD UP ICC BUMPER
*STANDARD ON MOST MODELS

EACH GALBREATH HOIST IS EQUIPPED WITH HEAVY DUTY SAFETY PROPS TO PROVIDE A FAIL-SAFE SYSTEM DURING EQUIPMENT MAINTENANCE.
*STANDARD ON BOTH CLASSIC AND REVOLUTION HOISTS

OUTBOARD SUPPORTED SIDE ROLLERS
*REVOLUTION DESIGN

AN AUTOMATIC, SPRING-LOADED CONTAINER LOCKING SYSTEM, TOGETHER WITH REAR CONTAINER HOLD DOWNS, MAKE GALBREATH THE SAFEST, MOST RELIABLE HOIST IN THE INDUSTRY.
*AVAILABLE ON BOTH CLASSIC AND REVOLUTION HOISTS

AVAILABLE FEATURES

- Reverse cylinder mount
- Hydraulic tarping systems
- Pintle hook applications
- Various fender selections
- Auxiliary hydraulic hook-ups
- Air activated container hold down system

Specific product information is available on each hoist model.

**MODEL U9HK-84
& U9HK-120**
9,000 LB. CAPACITY
CONTAINER LENGTHS:
8 - 12 FT.

HOOK HOIST FEATURES

- Offer superior maneuverability, versatility, and economy
- Tolerates imperfect alignment
- Up to a 62° dump angle for clean discharge
- Power loading and unloading for ultimate control
- Provides fast cycle times
- Superior in cab operation
- Application engineered

Whether your needs are for cost-efficient flexibility or heavy service applications, Galbreath has the right hook hoist to get the job done. Our RightHOOK™ Series offers economy and versatility by performing multiple functions such as dumping, spreading, transporting, flushing, hauling, recycling and cleaning. It utilizes the most advanced hooklift technology available today with standard features and options for specific job applications. And if it carries the Galbreath name, you can be certain it's engineered and built for tough, long-lasting performance.

MODEL U13HK AND U20HK
13,000 & 20,000 LB. CAPACITIES
CONTAINER LENGTHS: 12 - 16 FT.

U.S. Patent #5,542,807

ALSO AVAILABLE AS A COMBINED UNIT. MODEL U13/U20 HK GIVES YOU THE BENEFIT OF BOTH MODELS IN ONE UNIT!

Galbreath offers a complete line up of containers and equipment platforms to fit virtually any work requirement.

Hook Hoists

ADDITIONAL FEATURES

- Bolt on replaceable hook for 30,000 - 60,000 lb. units
- All above chassis installation
- Counter balance valves in cylinders deter cylinder run-away.
- Aluminum treadplate fenders are standard on 30,000 - 60,000 lb. units.
- Inside air controls are standard on 30,000 - 60,000 lb. units.
- Hardened steel bushings on 30,000 - 60,000 lb. units
- Bumper with recessed lights are standard.
- Hoists are designed to be operator friendly with pup trailer use.
- Standard components American-made
- 2-year warranty on all hydraulic components
- Steel hydraulic tank is standard on 30,000 - 60,000 lb. units.

MODEL U30HK

30,000 LB. CAPACITY

CONTAINER LENGTHS: 14 - 20 FT.

SPECIAL DESIGNED HOOK IS ADJUSTABLE TO PICK UP BOTH 54" AND 61-3/4" CONTAINER HOOK HEIGHTS.

U.S. Patent #5,542,807

U5HK and U6HK
U.S. Patent #5,531,559

MODEL U5HK AND MODEL U6HK

50,000 AND 60,000 LB. CAPACITIES

CONTAINER LENGTHS: 18 - 22 FT.

TRAILER HOISTS

A5 TRAILER HOIST

Our most economical trailer to own and operate. Designed for maneuverability and endurance. Available in outside rail, inside/outside rail, extendable tail, and dead lift styles. A real work horse for over 30 years. While the model A5-OR-250 is our most popular design, many other lengths and rail configurations are available.

S2S SLAYER

The S2S Slayer two box trailer is engineered to transport loads more efficiently and cost-effectively with a powerful lightweight design and two-container capacity.

Coupled with Galbreath's variety of environmental equipment, the S2S Slayer makes a formidable foe for battling numerous applications.

With a weight of under 14,700 lbs., the Slayer helps maximize your payload.

SPECIAL "SLAYER SLING"
OPERATING CONTROLS KEEP
THE OPERATOR AWAY FROM
LOADED CONTAINER DURING
THE LOADING AND
UNLOADING PROCESS.

*PATENT PENDING

PUP TRAILER

The Galbreath Pup Trailer enables you to transport two containers at once. One on the pup trailer and the other on a roll-off hoist. (Available in spring or air suspension). Also available in a "live" hoist design.

ALC DROP-DECK TRAILER

Galbreath's version of the Drop Deck. Models available to carry up to a 36' container. The low profile frame is perfect for bulky, light product when longer and taller containers are required. 80,000# GVWR.

GALBREATH ALSO OFFERS:

- Tarping Systems
- Rear Tailight Camera
- List Axles

ADDITIONAL EQUIPMENT

CONTAINER HANDLER

For years, the Container Handler has been a proven economic way to move and place front and rear load containers. And with the optional rotator, moving the load to larger containers is a simple operation.

WEST COAST HOIST

For our West Coast customers who need lightweight tandem axle hoists, Galbreath offers two versions of our West Coast design. Models CA and WC keep things light, but still offer lifting capacities up to 40,000 lbs. Contact our sales staff for specifications. Model CA lifts up to 40,000 lbs., while Model WC lifts up to 35,000 lbs.

TRAIL HOISTS

Convenient and simple to operate, this roll-off system is ideal for smaller jobs. A CDL is not required for most applications, and its compact size allows for easy access to job sites. Designed to accommodate 6 to 15 cubic yard containers, the Trail Hoist is a great cost-saver and revenue generator.

CRUISER

For transporting crushed cars, you need the Galbreath Crushed Car Cruiser. This trailer allows you to meet D.O.T. requirements and safely transport the recyclable product. The Cruiser is also available as a retro-fit for your existing trailer. Crushed cars may be scrap, but...even scrap deserves a cool ride!

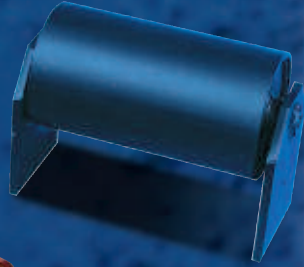

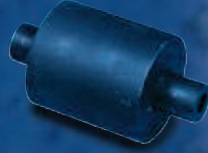

TRUCK HOISTS

If you need to haul, but only want to use a truck, check out Wastequip's truck and trail hoist. Mount it directly to your truck, or pull the trail hoist with your fifth wheel. Outside controls are standard, while inside controls are optional.

GENUINE AFTERMARKET PARTS
